

I have decided to take the paper

Current Challenges for Local Economic Development in South Africa: Experience from Mpumalanga

off my homepage. I wrote that paper in 2002, and it does not reflect the current state of LED in South Africa in general or Mpumalanga in particular.

For a more recent take on LED in South Africa, please go to

<http://www.meyer-stamer.de/2008.html>

and download

Systemic Competitiveness and Local Economic Development.

To get in touch with me, please send a mail to jms@mesopartner.com.

Thank you.
